Date	Version	Details
01-Sep-10	1.0	First formal issue of this document
01-Nov-10	1.1	Corrected summit positions
01-Apr-17	1.2	<p>Change of AM</p> <p>All summits aligned to MTR05 LIDAR positions</p> <p>The following summits retired as of 31/03/2017: EA3/GI-004, EA3/GI-012, EA3/GI-018, EA3/LL-007, EA3/LL-019, EA3/LL-038, EA3/LL-054, EA3/TA-004, EA3/TA-005</p> <p>The following summits will retire as of 30/09/2017: EA3/BC-007, EA3/BC-011, EA3/BC-013, EA3/BC-014, EA3/BC-015, EA3/LL-042</p> <p>The following summits are new: EA3/BC-019 to EA3/BC-086, EA3/GI-039 to EA3/GI-107, EA3/LL-060 to EA3/LL-179 and EA3/TA-012 to EA3/TA-063</p> <p>These are all valid from 01/04/2017 with the exception of the following, valid from 01/10/2017: EA3/BC-023, EA3/BC-031, EA3/BC-047, EA3/BC-067, EA3/GI-060, EA3/LL-110</p> <p>Removed named-on-map restriction from summit qualification criteria</p> <p>Added new map</p>

Summits on the Air Association Reference Manual for Catalunya (EA3)

1 Association Reference Data

Association	SPAIN CATALUNYA EA3
Commencement date	01 October 2010
Regions	Barcelona (BC-xxx) Girona (GI-xxx) Lleida (LL-xxx) Tarragona (TA-xxx)
Association parameters ¹	
Summit operation criteria	Operation must be within 25m vertically of the summit
Band 1, score 1 point	Summit altitude less than 1000 metres a.s.l.
Band 2, score 2 points	Summit altitude between 1000 and 1499 metres a.s.l.
Band 3, score 4 points	Summit altitude between 1500 and 1749 metres a.s.l.
Band 4, score 6 points	Summit altitude between 1750 and 1999 metres a.s.l.
Band 5, score 8 points	Summit altitude between 2000 and 2749 metres a.s.l.
Band 6, score 10 points	Summit altitude more than 2750 metres a.s.l.
Seasonal bonus	Yes
Bonus rationale	Winter period with highest probability of sub-zero temperatures and deep snow
Min. height for bonus	3 Points for activations ≥ 1500 m ASL
Bonus period dates	1 December to 15 March inclusive
Association sponsored awards	None
Association Manager	Daniel Horta EA3HP ea3hp3@gmail.com

1.1 Programme derivation

EA3 SOTA is an extension of similar programmes already active in other countries.

The summit database is unlikely to be complete. If you find a summit which you'd like to add to SOTA-EA3, or you find a mistake in this ARM please contact the Association Manager. Activators are asked to submit details of proposed additional summits to the Association Manager. Summits cannot be counted for points until a reference number has been allocated by the Association Manager.

¹ See General Rules for parameter definitions

Summits on the Air Association Reference Manual for Catalunya (EA3)

1.2 General information

Regions are based on EA3 Spanish provinces

To qualify for a summit it has to meet the following requirements:

- The summit must be elevated at least 150 m from its surroundings
- In the case of doubt the Management Team will decide whether the Summit will be added to the list

The summit database does not claim to be completed and can only be changed by the acceptance of the management team. Summits cannot be counted for points until a launch date and reference number has been allocated by the Association Manager and approved by the SOTA Management Team.

1.3 Rights of way and access issues

Footpaths in EA3 are usually well marked. Anyhow you should take a good map of the region where you want to hike plus GPS and/or compass if you have one. Never hike without a map, always follow the footpath. If a summit is in private property or you need to cross private property to access it, you will need the owner's permission before attempting activation.

1.4 Maps and navigation

The easiest way to obtain a map is to get online. The most common cartography for hiking is the *Mapa Topográfico Nacional* (MTN) published by the *Instituto Geográfico Nacional*. Many products, such as a 1:25000 raster (MTN25), can be now downloaded freely from the download centre of the Spanish *Centro Nacional de Información Geográfica* – <http://centrodedescargas.cnig.es/CentroDescargas/index.jsp>

Some areas of EA3 are covered by APRS.

1.5 Safety considerations

Before hiking always consult a weather forecast. Please remember that weather in the mountains can change rapidly and you should be always prepared for snow, rain, strong wind or intensive sun, especially over 1000 metres a.s.l.

In case of emergency you should call 112, the universal emergency number for all EU member states.

1.6 Foreign Hams in EA3

Holders of CEPT Licences are authorised to transmit according to their licences and IARU Region I Bandplan. You should have a copy of your license with you.

You should prefix your callsign with "EA3/" (EA is the main prefix in Spain, other common prefixes are EB and EC; special event callsigns include ED, EE, EF, EH, AM, AN and AO). Then you can add "/QRP", "/P", "/M". Second stroking isn't mandatory.

If you'd like to transmit from Spain for longer than 3 months you should contact the *Jefatura Provincial de Telecomunicaciones* of the respective province in order to obtain a Spanish licence.

1.7 Awards

There are no Association-specific awards at the moment.

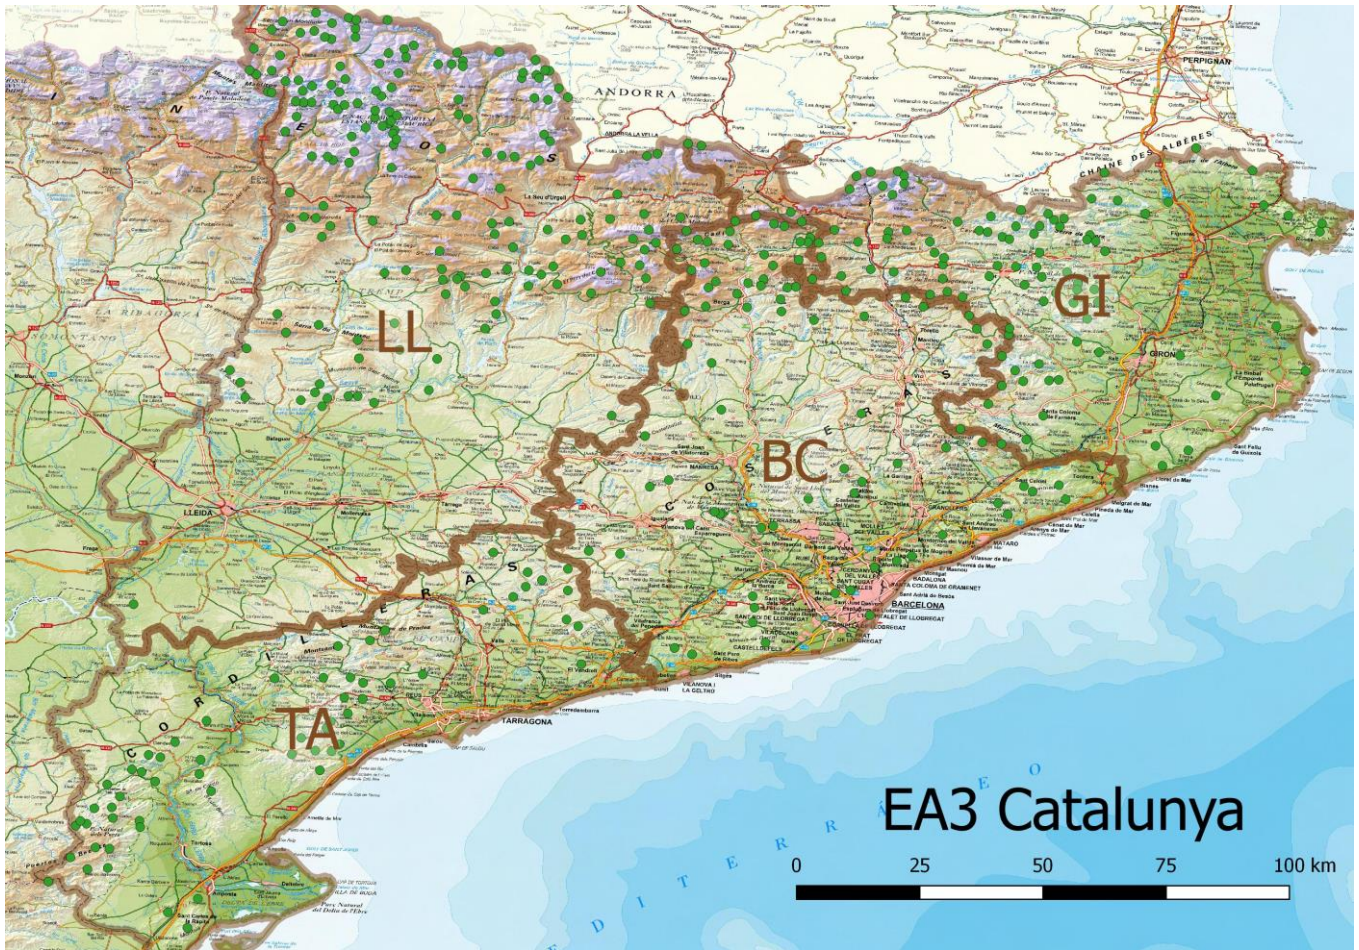

1.8 Disclaimer

Hiking, hill-walking and rock-climbing are potentially dangerous activities. The SOTA Management Team and their associates assume no responsibility for accidents.

Participants must be competent to undertake their proposed Expedition and must carry suitable equipment, taking account of the terrain, weather conditions, etc. Activators take part in the Programme entirely at their own risk and the Programme in its entirety shall accept no responsibility for injury, loss of life or any other loss. Activators are reminded that hill climbing is an inherently hazardous activity. Accidents can and do happen in the mountains and the risk is neither increased nor mitigated by the SOTA programme.

Each participant does so at his or her own risk, and must decide, on the basis of their own ability, whether an objective is achievable. The listing of a summit in the reference does not mean that it is easy to reach, and it is always worth seeking local advice for all but the simplest of the expeditions.
